LEAGUE SOCIAL EVENT

YOUNG PEOPLE OF CENTRAL METHODIST CHURCH ENJOY APRIL FOOL PARTY

The April Fool Social arranged by the Epworth League of the Central Methodist Church was immensely enjoyed by about forty young people. To make the affair thoroughly consistent the young people were required to come in by the rear door instead of entering from the front. When inside they found the chairs reversed and the furniture displaced, the organ being in the wrong place and everything generally disarranged. Instead of refreshments at the close of the evening they were served first. They were not very heavy, however, consisting of chocolate wafers and punch. As an April Fool game those present were persuaded to join hands and wait for the "electric shock" which failed to materialize. Then they played "hurly-burly" and other old-fashioned amusing games.

Before the social began a business meeting of the League was held at which officers were elected as follows:

Rutherford Wallace, president; Edna Phillips, first vice-president; Pauline Innes, second vice-president; Margery Wallace, third vice-president; Albert Hewitt, fourth vice-president; Emily Kopp, secretary; Leland Baker, treasurer; Helen Muhleman, pianist.

Y. M. C. A. BANQUET

The 38th annual state convention of the Y. M. C. A. which was held at Hotel Clark in Los Angeles last Saturday afternoon and evening was attended by quite a delegation from Glendale, which included Mr. and Mrs. Edgar H. Fry of West Cerritos avenue. Mr. and Mrs. Roy W. Horning, W. D. McRae, State Secretary, and Mrs. McRae, George B. McDill, National Secretary, his wife and daughter, Tom Caldwell, Secretary of Boys' Work. About three hundred were present and the reports which were most encouraging indicated a considerable extension of the association's work in California.

PIONEER CLUB ENTERTAINED

The Pioneer Club was delightfully entertained Saturday evening by Mr. and Mrs. A. R. Chappell, of 357 Myrtle street, those present being Mr. and Mrs. P. V. Potter, Mr. and Mrs. Whitaker, Mr. and Mrs. J. W. Andre, Mr. and Mrs. I. D. Vinton, Mr. and Mrs. Clarence Challis of Los Angeles, the host and hostess and Mrs. Abell, who has been spending the winter with them. Yellow jonquils and marigolds were used in floral decoration and made a pretty setting for the affair. The evening was devoted to "Five Hundred" and after play was over guests enjoyed some musical numbers before refreshments were served.

EASTER CANTATA

Arrangements have again been made for the giving of an Easter Cantata by members of the choir of the Central Methodist Church of Glendale in co-operation with the choir of the Normandie Avenue Church of Los Angeles. The choirs will unite in giving it in both churches. They are now rehearsing for it.

RECENT FIRE CALLS

SICK MAN FORGETS HIS DISABILITIES AND RUNS FROM BURNING HOUSE

The fire laddies in Station No. 1 have responded to two calls within the past thirty-six hours. The first summons was to 1236 East Colorado to a house owned by Mrs. Wing and occupied by C. C. Taylor and family. When the firemen arrived flames were shooting up 25 to 30 feet in the air from the attic where the conflagration started, having gained a headway because the occupants tried to extinguish it before they turned in an alarm. Mr. Taylor who recently underwent an operation was confined to his bed and supposed he was unable to walk, but when the fire developed such proportions he forgot his disabilities and beat it for out doors. The dwelling suffered about $300 damage. Most of the furniture was removed, but there was some damage by water.

Both engines attended, but only one was used, No. 3.

The other call was to 904 East Lomita, where the Stutz automobile of Joe Clovis caught fire and was damaged about $300 worth. It had been extinguished when the firemen got there.

CHILD'S SAD DEATH

BECOMING FRIGHTENED ON SAN FERNANDO ROAD SHE FALLS AND IS RUN OVER

Through some mysterious dispensation of providence Mrs. Charles Hutchinson, of 246 North Orange street, has been called upon to go through a terrible ordeal and been made the innocent participant in the death of a little child.

It happened Saturday at 2:30 o'clock at the corner of San Fernando Road and Avenue Twenty. Mrs. Hutchinson was on her way to Boyle Heights driving her own machine and had with her Mrs. Paddock, of Boyle Heights, her own little girl and Mildred Moody, daughter of Mr. and Mrs. Henry L. Moody, of this city. As they rounded the curb on San Fernando at Avenue 20 the passing of a machine disclosed three children running across the street. Seeing their peril Mrs. Hutchinson started to drive the auto toward the curb realizing she could not stop it quickly enough to avoid collision. The children saw her car, however, and stopped within about six feet of the side of her car except one who became frantic with fear seemingly and ran on in a zig-zag, now forward and now back. The machine did not strike her down, but she fell to the pavement and the wheel passed over her neck, leaving no other marks on her body.

A passing machine conveyed the child to the receiving hospital. Miss Harriet Nichols, of Hawthorne street, took Mrs. Hutchinson there, where the family of the injured child were gathered, and Walter Dow brought back the Hutchinson car to Glendale. Mrs. Hutchinson remained with the family until the child was taken from the receiving station to a hospital, the surgeons having pronounced the case hopeless. She then secured a taxicab to take them home and returned to her own home.

In this interval she had learned that the child belonged to one of two families who were camping beside the San Fernando Road and were on their way from Long Beach to Little Lake in Inyo county to a homestead they had taken up there. In the two families were six children. The eldest of the three Mrs. Hutchinson encountered was about fourteen and gave a clear account of the tragedy clearing Mrs. Hutchinson of all blame in response to the inquiries of the police who appeared immediately after it happened.

Mrs. Hutchinson says the beautiful part and the part that has saved her reason under the awful shock and

(Continued on Page 4)

SPECIAL ASSEMBLY

ATHLETIC ASSN. OF INTERMEDIATE INSTALLS OFFICERS AND ENJOYS FINE PROGRAM

At the Wednesday assembly at Intermediate School, new officers of the Athletic Association were installed as follows: President, Albert Bryant; vice-president, Jane Butterfield; secretary, Frances Wyman; treasurer, Miss Clara Midcalf. They were introduced by the retiring vice-president, Lawrence Smith.

The rest of the program was musical and illustrated the different types of voices. For this purpose an Edison Victrola loaned by the Glendale Phonograph & Piano Company was used on which records were placed showing the lyric soprano, mezzo soprano, contralto, tenor, baritone and bass voices. The program was arranged by Miss Brennemann, head of the music department of the school.

WONDERFUL CASH RETURNS

W. P. McIntosh, whose residence in North Glendale adjoins that of L. C. Brand, made a brief call at the office of the Evening News Thursday. He is devoting all his time to the sale of orange land at Mentone, California, which adjoins the City of Redlands. He is one of the largest stockholders in the Mentone Groves Company and says the orchards in that section are making such a record that the property is in great demand and he finds it hard work to keep up with his customers. He tells of 5½ acres of Mediterrannean Sweets there on which the crop was sold last week on the trees for spot cash for $4,000, while on the ranch adjoining, owned by Mrs. Bowen, the navel crop on 26 acres, also sold on the trees, brought $21,000 spot cash. Such sales almost equal mine profits.

WEATHER FORECAST: Fair except cloudy or foggy tonight and in the early morning.

BOLSHEVIKI OFFENSIVE STARTS

BEGINS IN EAST PRUSSIA AND IS RESISTED BY FORCES UNDER VON HINDENBERG

(Special Service to Glendale Evening News)

Berlin, April 3.—The Bolsheviki offensive, long expected, is reported to be under way in East Prussia. The Germans are reported to be successfully resisting under the command of General Von Hindenburg.

Simultaneously, 150,000 workers in Berlin struck last night. Metal workers, technical workers and craftsmen were the first to quit, many others following. There was no violence during the night and the city was quiet.

APPEAL FOR EUGENE V. DEBS

PRESIDENT ASKED TO GRANT RESPITE TO LABOR LEADER SENTENCED TO TEN YEARS' IMPRISONMENT

(Special Service to Glendale Evening News)

Washington, April 3.—The White House announced today that the President has been asked to grant a respite to Eugene V. Debs, labor leader, sentenced to ten years' imprisonment for violation of the espionage act. The request was signed by Frank P. Walsh, Charles Edward Russell and Allen Benson.

SOLDIERS OVERSEAS TO BE RELIEVED

GENERAL PERSHING ADVISED BY WAR DEPARTMENT THAT THEIR PLACES WILL BE TAKEN BY VOLUNTEERS

(Special Service to Glendale Evening News)

Washington, April 3.—The War Department today cabled General Pershing that soldiers in the American army of occupation are to be relieved and sent home as rapidly as volunteers can be sent overseas.

The department instructed General Pershing to send home first the most meritorious cases and those who enlisted for the period of the war only. The cablegram said that 50,000 volunteers are now being enlisted here for a three-year period and the men will be sent to him in detachments of 1,000 at a time.

RUSSIA'S PROPOSITION TO ALLIES

DOES NOT ASK FOR RECOGNITION AND AGREES TO QUIT PROPAGANDA WORK AND SAW WOOD

(Special Service to Glendale Evening News)

Paris, April 3.—The Russian soviet government is not asking for recognition by the associated powers, it was learned authoritatively today.

Substantially the proposition to the associated powers is:

Make peace so as to enable Russia to end the numerous small wars within her territory.

Lift the blockade, permitting Russia to get food.

Russia promises to make good and then the Allies can recognize her if they care to.

It is understood that the Russians are willing to make peace without including the new Hungarian government in the pact.

Premier Lenine agrees to cease propaganda work outside of Russia and devote all his energies to proving that the soviet government can be successful.

The "Big Four" leaders today are considering important economic concessions to Russia and Hungary. It is understood that the Allies are convinced that an immediate understanding with those two countries is necessary.

In the meantime, the continued failure of the conference to make progress has emphasized the pessimism here. Some quarters discussed making peace on general lines if a settlement is to be reached before the crisis arrives in Germany.

HONORS FOR MAJOR GENERALS

SPECIAL MEDALS FOR CONSPICUOUS SERVICE AWARDED TO WOOD AND SCOTT BY WAR DEPARTMENT

(Special Service to Glendale Evening News)

Washington, April 3.—The War Department announced that it had awarded Major General Leonard Wood a distinguished service medal for "especially meritorious and conspicuous service as department, division and camp commander during the war."

A medal has also been awarded to Major General Hugh L. Scott for exceptionally meritorious and conspicuous service as chief of staff in advocating and persistently urging the adoption of the selective service law.

FISHERMEN'S STRIKE MAY SPREAD

FISHERMEN DEMAND THAT GOVERNOR ORDER STATE MARKET COMMISSION TO CEASE FIXING PRICES

(Special Service to Glendale Evening News)

Sacramento, April 3.—Striking fishermen at Monterey have issued a warning that their strike will spread to all the harbors of the state unless the Governor orders the State Market Commission to stop fixing fish prices.

RECONSTRUCTION

DRIVE FOR FUNDS TO AID REFUGEES TO RETURN TO COUNTRY DEVASTATED BY WAR

Still another war drive is on which on some accounts will make a special appeal to the people of Glendale, although it is not making as heavy demands upon them as have some other calls. This is a drive for first aid in getting the French and Belgian people back into the country devastated by war. They cannot wait for German indemnities and they must have help. The effort will be to raise $2,000,000 and of this Southern California has been apportioned $200,000, Glendale's quota being $528.40.

George U. Moyse, Principal of the High School, has been appointed chairman of this drive and, realizing the many calls for service in connection with recent drives which have been made upon the men and women of the community, he has enlisted the students who have agreed to be responsible for this drive and for the collection of this quota. This should be good news to the wearied adults who have canvassed districts, and Mr. Moyse believes it will be a good lesson in citizenship to the boys and girls who participate in the drive, which will be carried on this week and next, Tuesday, Wednesday and Thursday of next week being the special days of intensive work.

It is believed that citizens will be glad to know that students are taking hold of this matter and improving the opportunity to make some return for what has been done for them. Readers are advised, therefore, that when they receive calls from high school boys or girls for donations for this drive, it is a bona fide drive captained by Professor Moyse.

CONGREGATIONALIST SUPPER

Following the example of some of the other churches in Southern California the First Congregational Church of Glendale inaugurated a monthly supper Wednesday evening. It was well attended and proved a very pleasant social affair. It was followed by a business and devotional session at which various phases of church work were considered together with social features. Under the present plan these suppers will be held the first Wednesday evening in each month for the next quarter. It was a profitable meeting and it is believed will do much to promote the religious and social life of the church.

HIGH JINKS AT G. U. H. S.

STUDENTS TO HAVE A DAY OF GOOD, CLEAN FUN ALONG WITH STUDIES FRIDAY

For several years the custom of granting students in our high schools and colleges one day in the spring term in which to break the monotony of hum drum work with an all-day session of innocent fun ("larks" they would probably term them), has been growing and last year Glendale boys and girls appealed to the school authorities for such a day here. After due consideration the faculty saw no reason why the request should not be granted provided the regular work would not be interrupted or the general routine demoralized thereby. The school is too large for a general picnic and there were arguments against it anyway, so after consultation teachers and pupils agreed on a "Beau Brummel" or "Fancy Dress Day." The elaborate costumes and burlesques of elaborate costumes in which the boys and girls appeared at their morning classes were convulsing and made it hard for them to buckle down to work, but they soon grew accustomed to the absurdities and covered their work even better than usual. In the afternoon a program of funny stunts which were carried out to the satisfaction and enjoyment of all concerned. The request for another day of the same sort this spring at once got a favorable response from school officials and tomorrow (Friday) will be "Jinks Day," when students will be allowed to come costumed in any way they see fit so long as they do not adopt a garb that would cast discredit on the school or upon their own families. The regular school work will be carried through as usual and will be followed by a meeting of the student body for a program in keeping with the day. Principal Moyse says such sessions afford an outlet for youthful spirits, they do no harm, and the students work better than ever afterwards. They work hard and they want to play hard and there is no reason why they should not be given a chance to break away from everyday routine occasionally, for they will be young but once.

ANNUAL MEETING

MEMBERS OF FIRST PRESBYTERIAN CHURCH GATHER TO HEAR REPORTS AND MAKE PLANS

The annual meeting of the church and congregation was held last evening and was largely attended. Report from the church treasurer showed all bills paid and a balance in the treasury. All departments of the church presented reports in writing giving account of work done during the past year, and all treasuries showed a balance of cash on hand after all bills had been paid.

The trustees' report showed that all indebtedness against the church property had been wiped out, which announcement was a signal for generous applause. The "Manse" property on Cedar street is also free from all encumbrance. The past year has been the best from every standpoint in all the church's history.

The entire budget for the coming year has been set at fourteen thousand dollars.

Ballots had been printed for the official list for the coming year. The result of the election was as follows: Trustees, T. W. Preston, W. S. Perrin, Dan Campbell, C. E. Boss, J. B. McClellan, T. Weien.

Deacons—The full Board is as follows: R. D. King, W. G. Boyd, J. J. Davis, J. W. Cooper, L. Andrews, V. E. Skiles, Henry Lawrence, G. B. Porter, W. T. Booth, Roy Van Kolken, A. F. Van Ornum, Dr. J. K. Gilkerson, W. E. McCormick.

Elders—The full Board is as follows: Harry L. Howe, clerk; B. H. Nichols, W. J. Clendenin, M. P. Harrison, A. E. Hennon, G. G. Lemon, R. P. Isitt, J. A. Newton, H. H. Schumaker, David Black, Howard L. Brown, R. A. Petersen, H. L. Finlay.

The pastor and church clerk both gave brief addresses covering some of the record of accomplishments during the past year.

The meeting was most harmonious, and the prospects for the coming year were never brighter.

The "Victory Campaign" begins next Sunday. The entire church is back of it.

MEN SERVE AS COOKS

A novel feature of the church night supper at the Central Christian last night was the preparing and serving of the same entirely by men. Rev. Cole, E. H. Learned and Fred B. Mattice were the cooks, Fred Thompson and R. G. Rees were head waiters. Others of the men assisted in serving and in the dish washing. The menu consisted of chili beans with ground meat, slaw, bread and butter, crackers, tea, coffee, sliced oranges and cookies. And all this was furnished for 20 cents. After the supper, committees met and prayer meeting followed with 42 present. Two young people, brother and sister, were baptized at the close of the meeting. Honored guests of the evening were two young ladies, one from Cape May, New Jersey and the other from Nebraska, who are studying for the mission field at the Bible Institute.

STILL AT BORDEAUX

WALLACE CRAMER ON DUTY AT DELOUSING CAMP AWAITING ORDERS TO RETURN

Mrs. Lorena Cramer of Acacia avenue has been disappointed in the return of her son, Wallace, who is still at Bordeaux in what is known as a "delousing and outfitting" camp. It will be remembered that he entered an artillery training school the first of October for a three months' course which he completed after the armistice was signed. He passed his examinations successfully but did not receive a commission because of the suspension of hostilities. He had expected to go to Brest from the training school but orders were changed and he was sent back to service at Bordeaux. He writes he will be exceedingly thankful to be a free man again and get back to his job with the Standard Oil at Taft which is awaiting him at a good salary. The Company has an insurance and sick benefit arrangement for the boys based on service and that has been continued for its employes who entered service the same as though they had remained with their jobs. Mrs. Cramer thinks it hard that her son should be kept there out of the work awaiting him when so many soldiers have to come back to unemployment.

Wallace writes there is some influenza but no very serious outbreak and he was to take a shot in the arm the next day as a precautionary measure. He wrote also of seeing Harvey Fishel and Jamie Shea at Bordeaux.

GLENDALE, CALIFORNIA, THURSDAY, APRIL 3, 1919

AGAIN THEY REAP AS THEY HAVE SOWED

Germans are likely to learn, in one way at least, that war is retro-active. Before the world war began, great numbers of German patents were registered in this country, particularly in dyestuffs, chemicals and laboratory products. During the war these patents were taken over by the custodian of enemy property and a chemical foundation was formed. Certain of these patents were sold or licensed to reputable American manufacturers and used by them in producing needed articles. Now the rights to these patents are established by regulations as original ones, and if a German should come to this country and start to making an article covered by one of these patents, he may be punished for infringement, even though he may have been the inventor or discoverer of the article. In this way the American government has secured the formulae for many of the dyes on which Germany held an absolute monopoly, so now if any follower of the late kaiser comes to this country and starts in to making dyes, he will run up against our patent laws. And even if they make their own patented preparations on their own soil, they may not sell them in this country. According to an old Russian proverb: "The Germans sharpened a knife that afterward cut their own fingers."

CHICAGO RE-ELECTS WILLIAM HALE THOMPSON

The most bitterly fought election in Chicago's history, held Tuesday of this week, resulted in the re-election of Wm. Hale Thompson, whose pro-German attitude during war times led to much reprobation all over the nation. His stand in this regard destroyed all chances he ever may have had of being elected as United States Senator, a position he greatly coveted. He claimed that there were 800,000 Germans in Chicago, and it is probable the voters of this aggregation pulled him through. There were six candidates in the field, Mayor Thompson's most formidable opponent being W. M. Sweitzer, city clerk, whom he defeated for mayor four years ago by 148,000 votes. This year Thompson's plurality was but 17,600. McClay Hoyne, state's attorney for Cook County, also a Republican, drew largely from Thompson's vote. The union labor candidate, a Democrat, received over 50,000 votes, all drawn from Sweitzer. The Socialist candidate polled only a few thousand.

AND WHAT ABOUT THE KAISER?

Every few days something bobs up in the daily papers about punishing the kaiser for bringing on the world war. And one big daily took all the trouble a few days ago to send a reporter to interview Mr. Hohenzollern, and boasted of its being the first and only interview accorded any one by the late mighty potentate. In this Mr. H. declared he was innocent of all blame in bringing on the war. Czar Nicholas was the guilty wretch and he alone. But the world was, but as to bringing him to trial, there are many difficulties in was, but as to bringing him to trial, theer are many difficulties in the way. Authorities on international law differ as to whether or not there is any statute under which he could be tried. In the minds of people, as recently expressed by a Glendale minister, is the thought that the worst punishment that could be inflicted would be simply to forget that such a wretch ever existed. To be utterly ignored would be extremely galling to one who for so many years has been in the lime-light.

EXTRA SESSION OF CONGRESS SOON?

It is semi-officially reported that the President will call Congress in special session on Monday, May 5, he expecting to be at home by that date. Owing to the many serious problems confronting the country, growing out of the war and the necessity for reconstruction, the nation at large is calling insistently for a special session.

HE IS STILL MAYOR OF LOS ANGELES

Mayor Woodman is not to be suspended from office while awaiting trial. This was decided at a recent council meeting. He continues defiant, laying the blame for his indictment on the vice ring of Los Angeles because they could not control him.

GOVERNOR STEPHENS WARNS LEGISLATURE

(Special Service to Glendale Evening News)

Sacramento, April 3.—The Governor's office today wired the Legislature that this is an inopportune time to consider any anti-Japanese legislation.

LOOSE FEDERATION BAVARIA'S PLAN

(By United Press)

WEIMAR, March 10. (By Mail).—Due to the demands of Bavaria and the other south German States, the new German Republic will undoubtedly be a very decentralized confederation of States. This is entirely contrary to the hopes of the majority of the Germans, especially from the north, who hoped to model the new organization after that of France, rather than America, and have as much power as possible placed in the Federal Government.

The Prussians were ready to do practically anything to further this plan. Definite ultimatums from the Bavarians woke the Prussians up to the situation. The committee to reorganize industry worked out an elaborate plan for the whole of Germany with regard to the railroads, telegraphs, telephones and postal systems. Prussia would turn everything she had over to the republic, and expected Bavaria and Wurttemburg to do the same. The Bavarians flatly refused to do so, and the Wurttemburgers followed suit, in spite of the fact that Prussia offered more than her share.

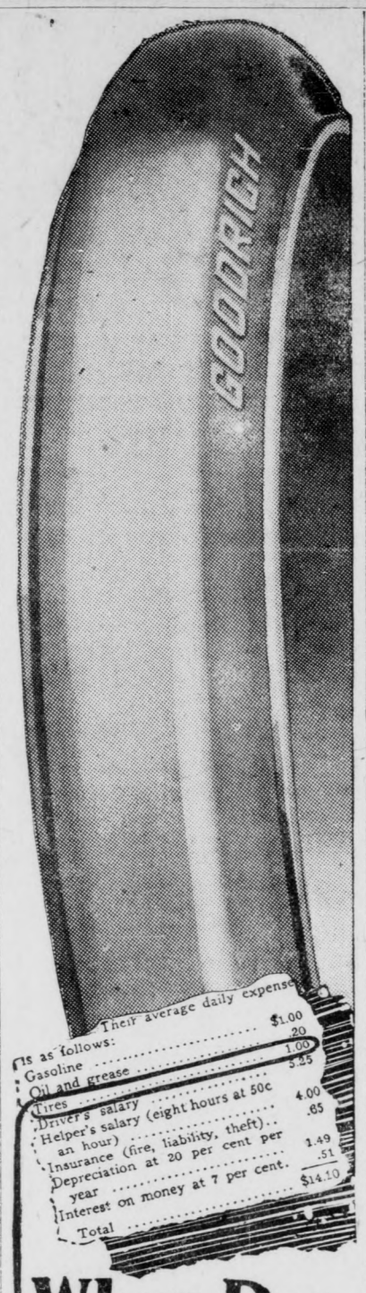
Bavaria's position is one of extreme independence now. Leaders do not intend to allow their State to fall under control of Prussia again, and it is likely that the only confederation they enter will be one in which Bavarian wishes must be consulted before big questions are settled. Their independence will probably be a decisive brake on imperialism.

QUEER NEWS BITS FROM ACROSS SEAS

(By United Press)

LONDON.—A white armlet, warning drivers of vehicles that the wearers are unable to hop about quickly amidst traffic, is now worn by ex-soldiers crippled in the war.

LONDON.—A campaign against the theater ticket speculator has been started here. Chas. B. Cochran, who owns a chain of theaters, announces that the best tickets for his shows are only procurable at the box office.



GOODRICH
Their average daily expense is as follows:
Gasoline $1.00
Oil and grease .20
Tires 1.00
Driver's salary 3.25
Helper's salary (eight hours at 50c an hour) 4.00
Insurance (fire, liability, theft).. .65
Depreciation at 20 per cent per year 1.49
Interest on money at 7 per cent. .51
Total $14.10

Why Do You Put *this* Item In The List?

Are tires deserving of special itemizing—more so than springs, gears, bearings, other parts?

Do *yours* depreciate $1 a day . . . really?

If so, then switch to GOODRICH DE LUXE Truck Tires!

For records of DE LUXE users show costs *well under that mark.*

Just *one* example.

Two years and three months ago S. Laskau, 1261 Third Avenue, New York, bought a three ton truck for heavy inter-city service. GOODRICH equipped all-'round.

To date the truck has gone 23,000 miles. The tires are only *half worn out.* The name GOODRICH is still legible on every tire!

Here is proof positive of their unusual economy and service—proof of their *dollar* saving, not *penny* saving.

Try them!

White Supply Station

Corner Broadway and Louise.

GOODRICH DE LUXE TRUCK TIRES

NEWSPAPER ADVERTISING

Under the caption "We Cover the Country Like a Blanket," the B. F. Goodrich Company tells its dealers and patrons that the newspaper is the best advertising medium known to man, and urges them to use the newspaper medium supplementing the national advertising campaign it has undertaken.

In a current issue of the Goodrich Magazine, appears an article on newspaper advertising which has a message for every business man. The article is headed "Every Goodrich Newspaper Ad Reached from 50,000,000 to 60,000,000 People—2,000 Newspapers Carry the 1919 Goodrich Message. The article itself reads as follows:

"Our major effort this year will be in the daily newspapers. This is the people's medium—more widely read and more generally circulated than any other type of advertisement known to man. Newspaper advertising is not only the most direct way to sell the customer, but it is likewise the most satisfactory from your own standpoint as a dealer. Often you can, at a very small expense, insert your ad near our big one, and get the benefit of our slam. In other words, we sell the tire, and then you come along and say, "——and you can get them from us."

We shall use unique and effective type of ads this year, single and double column size running the full length of the paper. We are thus sure of a good location and the prospect will soon get the force of this characteristic type of space."

PLAN HIGHWAY IN HONOR OF GENERAL PERSHING

LINCOLN, Neb., April 3.—"Pershing Highway," a national road in honor of General J. J. Pershing, is being organized by the Lincoln Commercial Club. Present plans contemplate having the road start at New York, touching Princeton, N. J., Philadelphia, Baltimore, Washington and Indianapolis en route west. This would include many historic points connected with the civil war and would take in Springfield, Ohio, Lincoln's birthplace.

A permanent organization of the project has been completed here with Governor S. R. McKelvie, Nebraska, as honorary chairman, and Chancellor Samuel Avery, temporary president. Governor McKelvie has announced his intention of inviting governors of the various States through which the highway will pass to send representatives to Lincoln in the near future to effect a national organization.

As planned, the trans-continental road will touch the State capitals of California, Nevada, Utah, Wyoming, Nebraska, Illinois, Indiana and Ohio. The Pershing route would follow the Lincoln Highway in part, branching off at points to include scenes of the general's life.

GRAND CANYON MUST GO TO WORK

(By United Press)

PHOENIX, Ariz., April 3.—The Grand Canyon of the Colorado, long a nationally famous pleasure ground, like Niagara must go to work.

That is the edict of James McGirand, chief engineer of the Grand Canyon Water Development Company, who has completed engineering details of a $12,000,000 project to make the turbulent waters supply all of Arizona's power demands.

His plan calls for building of a 220 foot dam at the mouth of Diamond Creek, in the Grand Canyon—the structure to be but slightly smaller than the famous Roosevelt Dam.

It will furnish sufficient hydro-electric power, he estimates, to electrify 500 miles of the Santa Fe railway company's main line in Arizona and to take the place of coal and oil for generating power in every Arizona mine.

Personals

Miss Anna Studinsky, a niece of Joseph Melczar, is ill of influenza.

Miss Winifred Bacon, a graduate in the mid-year class of the High School, is spending some time in Long Beach with her sister.

The many friends of Miss Lena Mae Brice will be sorry to learn that she is confined to her home, suffering from the effects of a severe cold. We hope she will soon regain perfect health.

Rev. E. H. Willisford, pastor of the First Congregationalist Church, and Mrs. Willisford, will entertain a number of young people of the church this (Thursday) evening at their home, 217 North Orange street.

Guy M. Bennett, president of the Junior Class in Glendale High and son of Mrs. Katherine Bennett, is in Thornycroft recuperating from an injury to his knee-cap received in basketball practice about a month ago.

Mrs. Linkletter, with her two children, has come up from Calipatra and is the guest of her mother, Mrs. Lorena Cramer, on Acacia avenue. Her brother, Paul Cramer, left last week to take a job with the Standard Oil near Taft.

Miss Christina Ferris, who moved with her mother, Mrs. D. E. Johnston, to the Bixel apartments, Los Angeles, recently, but who has been continuing her studies at Glendale High, has been quite ill of influenza, but is reported better.

Mrs. Robert Hendricks for the past six weeks has been in almost constant attendance at the bedside of her mother, Mrs. Catherine Bull, who has been desperately ill. She is now somewhat better and her friends are hopeful. Heart trouble has been the main difficulty.

Mrs. F. A. Field of Kenwood St. is today entertaining two cousins, Mrs. C. W. Craig of Riverside, California, and her brother, Robert Lockhart, a retired capitalist of Pittsburg, Pa., whom Mrs. Field has not seen since she was a child. He has not been in California for twenty years until now, and when last in this state did not see Mrs. Field. It will be a pleasant meeting for the trio.

Miss Irene Ward, a High School student, who has been living at the Taylor apartments, is quite seriously ill of influenza at Thornycroft. She commenced to feel bad Sunday, but her friends were not concerned until the doctor pronounced it influenza Tuesday. Her father has come down from Oxnard to look after her. She took part in the little play, "Pipers Pay," given at the Assembly Friday.

It is reported that Hartley Shaw, who is recovering from an attack of influenza, was able to sit up yesterday and that the quarantine will be lifted on his home today. His daughter, Dorothy, has been up for several days. Mr. Shaw is missed on the Board of Trustees and in the Congregational Sunday School of which he is superintendent, and his return to business and social life will be welcomed.

Mrs. Daniel Campbell was hostess last Saturday evening at a dinner of several courses given at her beautiful home in North Glendale in honor of eight fellow members of the Grand Chapter, O. E. S., who have been touring the south and who were to go north this week. Covers were laid for thirteen, including Mr. and Mrs. Campbell, their two sons and daughter. Wild flowers were employed for the beautiful table decorations.

Mrs. R. E. Downing entertained Gov. and Mrs. Lon V. Stephens of Missouri at afternoon tea Wednesday. Gov. and Mrs. Stephens have been spending the winter at Pasadena and drove over to renew their acquaintance with Mrs. Downing and to meet their old friends, Capt. and Mrs. Lesueur, of Burbank, parents of Mrs. Downing, who were associated with them for several years in political life in Missouri. They are returning to Missouri Thursday stopping a few days at Santa Barbara.

W. B. Kirk yesterday enjoyed a large gathering of the Southern California agents of the Provident Life & Trust Co. of Philadelphia to meet and greet Mr. J. Smith Hart, Insurance Supervisor of the Company at its home office. The meeting ended with a luncheon at the Virginia Hotel in Long Beach. Mr. Hart has held this position with the Provident for 35 years and has no superior in the country. His letters, such as "We regret to report the application of Mr. Blank not approved because of overweight and high-blood pressure," are not welcome visitors to an agent who has worked hard to land a case, but the genial smile of Mr. Hart shows that his regret is genuine and he has made a wonderfully fine impression on all the Provident agents. Mr. Hart has never been west of Chicago before and, with Mrs. Hart, is greatly enjoying his trip.

"Service" inside and delivery outside is first with us always. Drop in or call Spohr's Drug Store. 176t6

"Unity Chapter, No. 116, R. A. M., will hold its regular convocation Thursday evening, April 3, 1919, at 7:30, at which time matters of importance will be presented, and we hope every member will come."

Preparations are being made for special Eastertide services at the First Congregational Church of this city, beginning next Sunday.

Mrs. Holcomb of Bardolph, Illinois, arrived Tuesday on a visit to her daughter, Mrs. E. J. Jackson, who has been seriously ill at her home, 209 E. Palmer Ave.

Mr. and Mrs. Frank Motsch, who have been living at 1009 Mariposa street, are moving today to the Davenport Block on Brand and Cypress, where they have taken an apartment.

Miss Ella G. Bennett of Cape May, New Jersey, and Miss Ellen Scherdt of Nebraska, students at the Bible Institute in Los Angeles, are spending a week in Glendale with Mrs. Louis B. Nunn, 317 Hawthorne.

The usual practice of St. Mark's choir will take place Friday evening at 8 o'clock in the Guild Ha.. of the church instead of at the residence of Mr. and Mrs. D. Ripley Jackson, on account of the illness of Kenneth Jackson. Easter music will be rehearsed and all members of the choir are urged to be present.

BASEBALL DEFEAT

Not always can the bird of victory perch on the banners of Glendale High. Wednesday afternoon the baseball season opened locally with a practice game between the Glendale and Hollywood teams and Hollywood carried off the honors, the score being reported as 10 to 6 in favor of the city team. As a defeat is often more stimulating than success, it may be a salutary experience in this instance and anyway will not count in the league score as those games do not begin until next week.

200 POUNDS WANTED

L. T. Rowley, head of the Red Cross Salvage Department, who has been active in the clothing drive instituted by the local chapter, has taken an inventory and finds he is shy about two hundred pounds of realizing Glendale's quota which is 3,000 pounds. It would be a shame for Glendale to fall down on its apportionment for lack of these few pounds and an urgent appeal is therefore made to citizens to again go through their closets and see if they cannot hunt out a few more articles. Anything in the way of substantial clothing, either underwear or outer garments for men, women or children, will be acceptable, also shoes and bedding, except mattresses which are not wanted.

LILLE, France.—The first factory to be reconstructed in the Lille region, is the Lille Cotton Works, which has just started business here.

WORLD'S BIGGEST SCHOOL FOR THE A. E. F.

BEAUME, March 20. (By Mail).—What's expected to be the largest educational institution in the world, or, at least, to have the largest student body, has opened here and the first rush of the anticipated ten thousand students has begun. The buildings are practically all ready. The Army Educational Commission, which will control the school, operating it as a military post, is settled in its headquarters. The commanding officer, Col. Ira L. Reeves, former professor of military science at Purdue University, has been at Beaume six weeks supervising preparations. Dr. John Erskine, professor of English at Columbia, is educational director or president of the faculty.

In the faculty are President Kenyon L. Butterfield of Massachusetts Agricultural College, directing the department of agriculture; Dr. Louis L. Reber, dean of the University of Wisconsin, directing the engineering department, and Dr. F. E. Spaulding, superintendent of schools at Cleveland, in an advisory capacity.

There are fourteen colleges. When in full operation the university, together with the agricultural college nine miles distant, will accommodate nearly 40,000 men, housed in one thousand buildings. The buildings are semi-permanent structures of brick and concrete, 600 of them dormitories and mess halls and the remainder class rooms, laboratories, lecture rooms, recreation and entertainment halls. Athletic fields are being built.

A building to accommodate nearly a half million books, furnished by the American Library Association, will be the library. It will surpass many a library in American universities and is intended to cover every subject.

For enrollment, high school or equivalent education is required. The university is opened to all members of the A. E. F., officers and privates alike. There is no cost for tuition, text books, transportation or housing and students will draw their regular pay while in school. If a student's organization is ordered home while he is at school he may remain in school if he desires, so long as the A. E. F. continues to operate it.

MERITED CREDIT

Nine of the signers of the American Declartion of Independence were born in Ireland. John Barry, the father of the American navy, was born in Ireland. The war department tells that of the American Expeditionary Force in Europe one man out of every three is of Irish blood. All of this is facts and yet some teach that the Irish people have played but a small part in the history of America. The real reason for this is they always hid their light, and failed to defend the truth, as history records it. The News believes in giving honor where it is due. Remember the statement that more than one man out of every three in the present fighting force of America has Irish blood in his veins. Less than two are left to all others. With a limited population in America from the Emerald Isle, this is a wonderful record for the patriotism of the Irish nation to the land of its adoption, the land it helped to make America.—The LeSueur News.

ORANGE LANDS ON TEN YEARS' TIME

The Mentone Groves Company of Mentone, Cal., is selling high-class orange lands for $300 per acre, requiring but five per cent. of the purchase price at the time of sale and no further payment on the principal for ten years. It furnishes one miner's inch of water to every five acres sold. The rate of interest is 6½ per cent. per annum, payable semi-annually.

The five, ten and twenty-acre tracts offered for sale adjoin old producing orange groves. Some adjoin the town of Mentone and some are within a few rods of mission olive groves which pay the owners $150 net per acre a year.

For particulars write W. P. McIntosh, Burbank, Cal., or telephone Glendale 2020-J. 180t6*

WORLD NEWS

RIVERSIDE, Cal., April 3.—Exhibition flights by Captain Eddie Rickenbacker, Lieut-Colonel William Thaw and other American aces will be features of the big army aerial circus given at March Aviation Field this afternoon by army airmen. Practically all of the 200 available planes at the training school will be in the air, and there will be stunts by visiting squadrons from Rockwell Field.

The machines are of all types, and they will be used in every conceivable form of aviation work.

A ball game between the Chicago Cubs, now in training at Tournament Park, Pasadena, and a team of aviators, is also on the day's program.

(By United Press)

SALT LAKE CITY, Utah, April 3.—Livestock men of Utah here today for the Fat Stock Show expressed themselves vigorously as opposed to various conditions that have increased the cost of production, and sent out a call to other western states to follow their lead for a uniform bounty law.

C. B. Stewart, president of the State Livestock Board, and their spokesman, told the United Press today the sheep industry is threatened by the increased charges of the forest reserve and by "high" and unfair freight rates."

"The advance in charges for the forest reserve announced as effective this year will discourage sheep raisers and make the cost of meats and wool higher," said Stewart. He urged stock raisers of western states to co-operate in an attempt to re-establish the old rate.

Stewart explained that without the forest ranges, sheep raising on a large scale in Utah is almost impossible. Sheep leave the deserts in summer for the forests. He said Utah's deserts provide more forage in winter for sheep than all the alfalfa and hay grown in the state.

Sheepmen of Utah, he said, often find it cheaper to ship to California and have their wool and meat reshipped across country, than to ship direct to the east from here. He declared such rates unfair.

Utah this year adopted a $4 bounty for coyotes. Stewart urged other western states to authorize a similar bounty, saying that unless they do, bounty frauds along the state lines are encouraged. Utah is now paying bounties for predatory animals killed in other states, he said, but prefers to continue doing so temporarily, hoping that other states will finally establish the $4 bounty to save the sheep.

The Utah Woolgrowers Convention, set for April 1st, was called off because of the recurrence of the influenza epidemic. The Fat Stock Show, being held in the open, was not considered a menace to the general health. The influenza situation in Utah is again serious.

KEY WEST TO WASHINGTON BY AIR IN FIFTEEN HOURS

(By United Press)

KEY WEST, Fla., April 3.—Flight in an H-S-2 seaplane from Key West to Washington is planned by Lieutenant H. J. Rowen, commander of the H-boat division of the Key West Naval Air station.

"About fifteen hours of flying time will be consumed," said Lieutenant Rowen. "We will attempt to make the entire trip without stopping. If we are successful we shall try to make a trans-Atlantic flight this spring."

Lieutenant Rowen and his assistant, Lieutenant H. H. Cautrell, were in the air eleven and a half hours recently in a flight from Key West to St. Augustine and return, without having to replenish their fuel supply. They were compelled to land once, however, on account of ignition trouble. This trip broke the American record of nine and a half hours in the air without refueling.

Lieutenant Rowen is now designing a new type of gasoline tank which will carry 550 gallons of gas instead of the usual 350 gallons. He is also experimenting with smaller jets, which he claims will reduce the consumption of gas from thirty gallons to twenty-five gallons per hour.

THEIR THOUGHTS

The Germans still are thinking
How to make the Allies see
That they are a different nation,
And now are also free.

They think that we are trying
To "fix" them once for all;
That we are rejoicing in our wonderful chance
Of making permanent their fall.

Disarmament is not so bad
But the League of Nations
Makes them worry constantly
About the world's relations.

But all the while have we forgot
The memory of the war
In which emerged defeated
But in which they received no mar.

Now it is their time to pay
For the people they have slaughtered,
For the cities they have destroyed,
They must pay for freedoms martyred.

—By Wm. A. Twhyng, of Glendale Union High.

STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST, 24, 1912,

Of Glendale Evening News, published daily except Sunday at Glendale Branch L. A. Post-Office for April, 1919.

State of California, County of Los Angeles, ss.

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared A. T. Cowan, who, having been duly sworn according to law, deposes and says that he is the editor and publisher of the Glendale Evening News, and that the following is, to the best of his knowledge and belief, a true statement of the ownership, management, the circulation, etc., of the aforesaid publication for the date shown in the above caption, required by the Act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, printed on the reverse side of this form, to-wit:

1. That the names and addresses of the publisher, editor, managing editor, and business managers are:

Name of Publisher, A. T. Cowan, post-office address, Glendale, Calif.

Name of Editor, A. T. Cowan, post-office address, Glendale, Calif.

Name of Managing Editor, A. T. Cowan, post-office address, Glendale, Calif.

Name of Business Manager, A. T. Cowan, post-office address, Glendale, Calif.

2. That the owners are: A. T. Cowan, Glendale, Calif.

3. That the known bondholders, mortgagees, and other security holders owning or holding 1 per cent. or more of total amount of bonds, mortgages, or other securities are: None.

5. That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the six months preceding the date shown above is 1,000.

A. T. COWAN.

Sworn to and subscribed before me this 3rd day of April, 1919.

[Seal] M. B. SMITH.

(My commission expires June 3, 1922).

LONDON.—Maj. Richard Lloyd George, son of the Premier, just demobilized, has been appointed director of A. B. Brown, McFarlane & Co., naval architects and marine engineers, of Glasgow, London and New York.

CHILD'S SAD DEATH

(Continued from Page 1)

distress she has experienced has been the kindness showered upon her by the bereaved family, for whom she has done everything that money and food and service could render. They went personally to the office of the coroner to ask that no inquest be held and that Mrs. Hutchinson be exonerated from any blame.

The little girl passed away Sunday and was buried Monday, from the Highland Park Undertaking Parlors, Rev. E. H. Willisford, of Glendale, officiating, and singers from the Congregational choir assisting in the service. In kindness to Mrs. Hutchinson and the unfortunate parents several friends went from here with autos to render any aid they could at the funeral.

Through the efforts of Mrs. Hutchinson the families have had the temporary comfort of a house to occupy during their brief stay and today they are to again take up their journey to Little Lake.

Mrs. Hutchinson has been, and still is, almost beside herself with grief over the affair, the first accident she has had with her car, and the parents of the dead child, whom she had visited daily, have rallied to relieve and comfort her, assuring her of their faith that it had to be in God's providence, and that perhaps their little one has escaped a crueler fate that might have awaited her had she lived.

The facts as here set down were secured in the main from Mrs. Hutchinson who felt she could not recount the details to the many friends who have written and telephoned, and she has asked the Evening News to thank them for the kind messages and flowers which have reached her and for which she is deeply grateful, though she is unable to see any one yet. Her immediate friends are endeavoring to persuade her to leave home for a few days and try to get some relief of mind and nerves in other surroundings, and she will probably be the guest of a close friend for a while.

NOTICE

Notice of the Filing of the Assessment for the Opening and Widening of Adams Street from the North Line of First Street to the South Line of Oakwood Avenue Together with a Diagram of the District to Be Assessed for Said Improvement.

Public notice is hereby given that the City Manager, ex-officio Street Superintendent of the City of Glendale has filed with the clerk of the Board of Trustees of said City an assessment for the opening and widening of Adams Street as contemplated in Ordinance No. 249 and No. 261, together with a diagram of the District to be assessed therefor.

The date of the first publication of this notice is March 29, 1919.

All parties interested are hereby required to file in writing their objection to the confirming of said assessment by the said Board of Trustees, with the City Clerk of said Board of Trustees within thirty (30) days after said date of the first publication of this notice, to-wit: the 29th day of March, 1919.

Persons signing objections must give Post-Office address.

J. C. SHERER,
City Clerk and ex-Officio Clerk of the Board of Trustees. 176t10

Ford — THE UNIVERSAL CAR

We are experienced, and know how to give service to the owners of Ford cars. We have the same methods, machinery and skill that they have in the Ford Factory, and we use the same Parts made by the Ford Motor Company. Ford owners are doubly guaranteed by us as to the reliability of our service on Ford cars. Don't try to do it yourself, bring your car here. Incidentally we are getting a few Ford cars and are able to make fairly good deliveries.

Touring Car, $525; Runabout, $500; One Ton Truck Chassis, $550; Coupe, $650; Sedan, $775. These prices f. o. b. Detroit.
